0.25	Aran	White Clover Large
13	Kgs	

Also available with no clover

Triumph Sprint

SPECIFIC USE LEY

1 YEAR OPTIMUM PRODUCTION

Contains Westerwolds for rapid establishment. Sow in Autumn or Spring for highly digestible strip grazing. Its fast establishment reduces soil erosion and scavenges nutrients. Ideal for sowing after maize harvest.

Kg / Pack	Type
12.5	Westerwolds
6.25	Italian Ryegrass Dip
6.25	Italian Ryegrass Tet
25	Kg
2 ACRE PACK	

Aber Super Four

LONG TERM CUTTING LEY

A 4 year + cutting ley including high sugar hybrid varieties AberEcho (highest cutting yield in the Hybrid class over 3 year mean RGCL) and AberEve, both giving exceptional yields.

Kg / Acre	Variety	Type
2.0	AberEcho	Hybrid Tet
2.0	AberEve	Hybrid Tet
2.5	AberGreen	PRG Intermediate Dip
2.0	AberZeus	PRG Intermediate Dip
2.5	AberClyde	PRG Intermediate Tet
2.0	AberGain	PRG Late Tet
0.45	AberHerald	White Clover Medium
0.35	AberDai	White Clover Medium
0.2	Aran	White Clover Large
